

Brian Webberley

Portmarnock, Co. Dublin | Mob: 086 3927014 | Landline: 01 445 7464

Email: brian@bweb.ie | www.bweb.ie | vCard: bweb.ie/contact/brian.vcf | LinkedIn: tinyurl.com/kqvgakr

- Adaptable and client focused, aspiring Web Developer, eager to utilise the industry's most advanced technologies to improve efficiency, while saving costs.
- Responsible for the entire IT requirements of a medium sized company including maintaining servers, software systems, network devices and phone systems.

TECHNOLOGIES PROFICIENT IN

Web Technologies: HTML5, CSS, JavaScript, Node.js, AngularJS, jQuery, jQuery Mobile, and Bootstrap.

Databases / Data Formats: SQL Server, MySQL, Oracle, JSON, XML.

Desktop Operating Systems / Applications: Windows 3.1 to 10, Visual Studio, Adobe InDesign, Illustrator, Photoshop, & Dreamweaver, Google Webmaster Tools, Google Analytics Microsoft Office (Word, Excel, Access, Visio, MS Project), Crystal Reports, SQL Server Report Builder, Microsoft Dynamics Nav

CAREER & ACHIEVEMENTS

- Analysed business requirements and worked with Navision partners to migrate a stock control, purchase, sales and distribution and logistics system previously run in Excel, along with a finance package previously run in Sage 200, and a CRM system previously ran in Microsoft Outlook to a new ERP system; Microsoft Dynamics Nav. (At Wood Concepts, see below)
- Identified numerous program enhancements and worked with developers from requirements stage to implementation utilising Agile methodologies. (At Wood Concepts, see below)

Present: Web Development - Freelance Work

- Created Almax.ie; a website for a painting and decorating company
- Currently working on MetroAuto.ie for a car Mechanic's garage
(both site design methodologies and strategies are explained on my portfolio website; www.bweb.ie)

June '05 – August '13: I.T. Manager

Wood Concepts – The leading Irish wood based product supplier to the timber trade – supply chain from South America, Asia, and Europe to Irish construction suppliers

- Identified business processes that technology could enhance, including working with suppliers to:
 - Move backups from solely in-house to in-house and cloud based storage
 - Migrate emails from an Exchange Server to a cloud based hosting provider
 - Add functionality to the Nav ERP system (by either sending business & functional requirements to suppliers or making code / interface / report changes myself)
 - Implement an EDI system for invoices
- Maintained all computer systems and servers, PCs, network devices (LAN & WAN to remote office), phone systems (PBX office system & mobiles)
- Replaced manual driven reports in Excel spreadsheets with reports driven by a direct connection to an SQL server database (using Excel, Crystal Reports, and SQL Server Reporter).
- Trained and offered technical support to staff, along with the creation of technical software manuals
- Purchased I.T. equipment & service based solutions
- Backed-up and restored files from onsite files (using ARCserve) and offsite files (using KeepITSafe)
- Supported sales team with online and offline marketing tools (e.g. flyers, emails, website updates & promotions using Adobe suites)

**February '05 – June '05: IT Helpdesk Assistant
National College of Ireland (Contract position)**

- Responsible for administration of student and staff servers
- Solved various I.T. tasks / fixed and maintained PCs & peripherals
- Offered advice and assistance to students with any issues
- Assisted the Lab Manager with upgrades and configuring of network connections of student PCs

**Jan' 05 – February '05: Accounts Clerk
Eircom (Contract position)**

- Responsible for the cancellation and modification of orders and accounts
- Reported figures on a weekly basis
- Assisted Customer Services, Sales and Credit Control teams with queries regarding billing and cancellations

**June '04 – Jan' 05: Technical Support Agent
Client Logic on behalf of British Telecom**

- Solved customers' internet connection, settings, and setup problems
- Advised on general internet queries
- Liaised with management in relation to system performance and issues

**July '00 – Sept '03: Customer Service Rep: America's Dog (Chicago), Xtra-vision, Dunnes Stores
Warehouse Operative: Argos (All during college)**
